

Tales From the Home of the World's Worst Weather

Mt. Washington, NH

Family Program

Thurs Oct 11, 6:30 pm

North Hampton Public Library

This exciting program is appropriate for adults and children alike.

Join Mount Washington Observatory's Will Broussard for an investigation into the unique life and work of weather observers stationed at the observatory year-round. We will explore how the mountain's weather works and what it can tell us about New England's own weather patterns.

This program will include interactive demonstrations, weather instruments, stunning photography, and video footage from the summit.
